

## A PLACE TO GROW. THIS IS WALES

#### This is Wales

Here in Wales, we're investing in the future. We're developing the ideas and technologies that will help to shape the next century. The renewable energy that will power our world. The tech that will connect everyone and everything. And we're nurturing the talent and ingenuity that will make it all happen.

Agile countries like Wales think a little differently to the mainstream. It's a place where our business ecosystems are closely interlinked, supporting each other to drive new ideas forward. Industry, academia and the Welsh Government work together to make things happen. We have the right business support and the agility to make decisions quickly.

Although we're a close community here, we're also proud to be citizens of the world. We're well connected to the rest of the UK and to global markets. Wales is also a great place to live and work. It's a beautiful country with a superb quality of life.

#### This is Tech

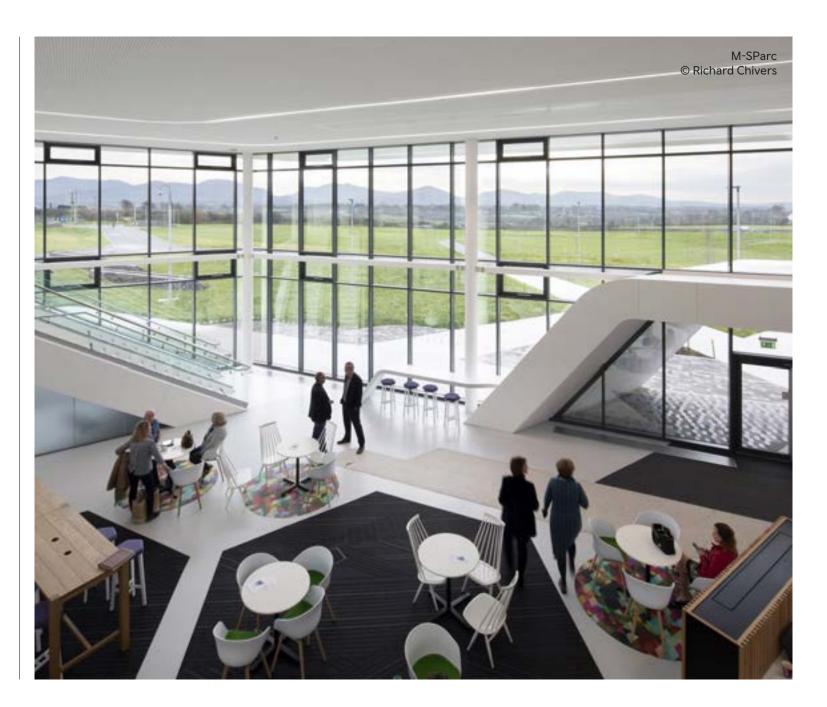

Wales' tech sector is worth an estimated £8.2bn to the Welsh economy and it continues to grow. Almost 44,000 people are actively employed within the Digital Economy in Wales\* with main hubs focused around Cardiff and Newport in the south, Swansea in the west and Wrexham in the north.

Our thriving tech ecosystem with its growing supply chain combined with our entrepreneurial universities provides a firm foundation for fintech to thrive. A vibrant innovation community allows start-ups, investors and large corporations to meet and share ideas.

#### Wales, Invested.

Welsh Government's Inward Investment team encourages and assists global businesses to set up operations in Wales and tap into this ecosystem. As part of this offer of support we have created the Soft Landing Directory for established international start-ups and scale-ups looking to expand their businesses into the UK/European market.

This document highlights the key soft landing office spaces throughout Wales, their costs and the benefits they bring to members.

Benefits of Soft Landing in Wales:

#### Low-Risk Entry

Soft landing support provides prospective businesses with a low-risk entry option into the UK/European market, allowing business owners to explore opportunities within the Wales ecosystem without having to incur heavy costs.

#### Access to Resources

Soft landing providers offer businesses with unrivalled access to key resources including business plan validation, mentoring, advice, skills need assessments, recruitment and potential investment. Please see individual providers for details.

## Access to Incubators and Co-Working Space

These soft landing providers offer flexible and high-quality office space and the opportunity to connect with local start-ups and fellow scale-ups in Wales. These local enterprises can contribute significant value-add services and capabilities that will allow international businesses to accelerate their growth.

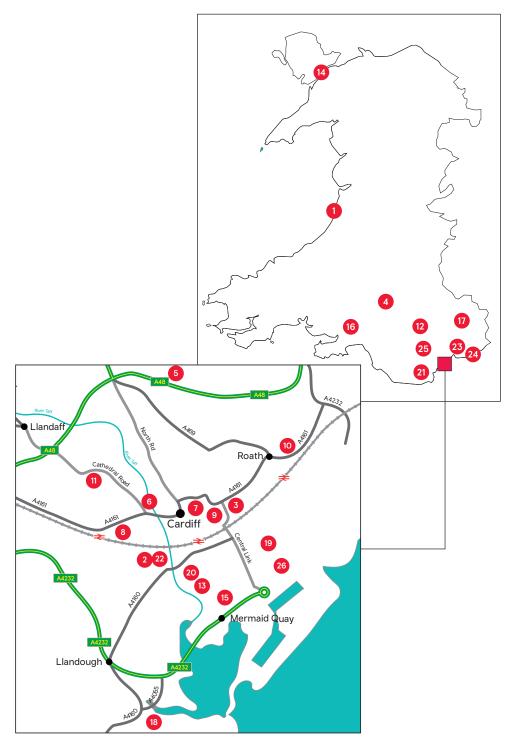

#### **Networks & Events**

Gain access to exclusive events and investor networks. Many soft landing providers offer founders and executives with the opportunity to forge key relationships with investors, advisors, universities, sector specialists and customers through numerous networking opportunities and events.

Barclays Eagle Labs are an entrepreneurial network providing support to ambitious startup and scaleup businesses. Our mission is to connect the UK's entrepreneurial ecosystem through our networks, support and expertise with the aim of helping businesses innovate and grow. We champion inclusivity and are committed to driving positive change and reducing barriers to entry for diverse founders. We provide dedicated growth programmes, access to experts and a collaborative community designed to help businesses on their growth journey through physical spaces across the UK and virtual support.

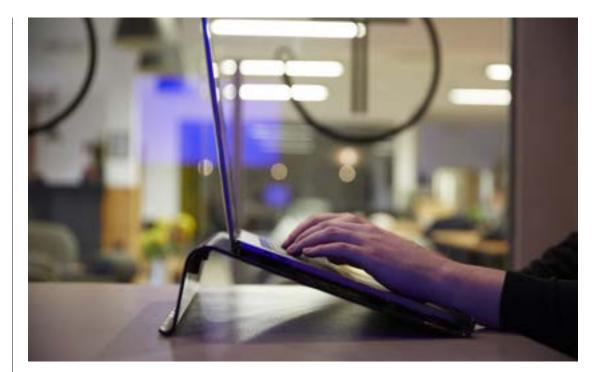

Whether you're at idea stage, starting, growing, or scaling, Barclays Eagle Labs can support your tech business.

Our <u>South Wales Eagle Labs</u> team work in partnership with Tramshed Tech and are supporting the needs of local entrepreneurs, creators, and communities and investing in the future of Wales by supporting businesses across Cardiff, Newport and Barry. To connect with the team in South Wales please contact

Chris Skinner, Ecosystem Manager christopher.skinner@barclays.com

or

Emily Pugh, Lab Manager emily.pugh@barclays.com

## How can Eagle Labs support you? Startups

Eagle Labs provide a wealth of support to startup businesses, particularly those who are focused on technology and innovation. For those needing physical space we provide coworking and offices throughout the UK. For those looking for more virtual support we have a range of learning material and events available. Businesses can be connected to our mentors, specialists and deals that are all designed to help them grow. We are a collaborative community where businesses can be put in touch with and learn from their peers. Some startups may benefit from more structured support where our growth programmes may be of interest, for example the Funding Readiness or Product Builder programmes.

#### **Scaleups**

Scaling businesses can benefit from some of the more bespoke and tailored approach that is available through Eagle Labs. We offer specialists in growth through our mentoring partners and have dedicated Scaleup programmes that may be of interest. Through our <a href="Demo Directory">Demo Directory</a> we provide the opportunity for ambitious founders to showcase their business to a selected group of attested investors, and if you're looking to grow and raise overseas – particularly in the United States – the Eagle Labs Global Connect programme, run by Silicon Valley veterans, could help.

Barclays Eagle Labs Tramshed Tech Pendyris Street Cardiff CF11 6BH

labs.uk.barclays

#### **Private investors**

Eagle Labs provides access to a community of high potential and growing businesses, many who will be looking for investment. You can sign up to our <a href="Demo Directory">Demo Directory</a> platform which is designed to help investors connect with businesses seeking growth. You can filter by a range of factors including company size, stage and industry so that investors looking for deal flow can be connected to the right businesses for their portfolios.

#### **Corporates**

We're helping corporates to find faster solutions to some of the challenges they're facing by harnessing the innovation and agility of startups. Every business, large or small, will face challenges that they may not be able to solve themselves, while many startups could be holding the key to providing innovative solutions.

Through <u>Corporate Connections</u> we're helping to facilitate conversations and connections between larger businesses and startups from our Eagle Labs network and beyond.

#### **Industry specialisms**

We provide additional support within selected industries of AI & emerging tech, climate and nature, digital security, games and creative, and life sciences and healthtech helping to facilitate industry-wide transformation. Encouraging industries to connect with the best talent to address specific industry challenges can only be achieved through collaboration. We do this by bringing together thought leaders, industry bodies, key corporates, academics and startups and partnering with them to provide them with the tools, programmes and access they need to make a real, collective difference.

#### Our partnerships

Eagle Labs believes that supporting technology startups and scaleups accelerates innovates and stimulates the right type of economic growth. Other organisations including local authorities and government share a similar view. Wherever possible Eagle Labs looks to collaborate with like-minded organisations, helping them support their local economies. If you would like to work with or find out more about Eagle Labs please contact brian.sharkey@barclays.com

#### Contact us

If you would like to find out more please get in touch, or visit our website for more information. We'd love to hear from you.

## **BizSpace**

#### **About Us**

Flexible office space for rent in Cardiff, Wales. A modern, stylish business centre providing offices, serviced offices, co-working, and meeting rooms in the heart of the Welsh capital.

Welcome to Trafalgar House, the home of BizSpace Cardiff. We have a variety of office spaces and meeting rooms to rent, suitable for companies of all sizes. From flexible co-working spaces and serviced offices to workspaces for small companies and suites for larger teams. Our recently refurbished Trafalgar House offers 51,343 sq. ft of office space, set over six floors, with various sought-after amenities and facilities.

BizSpace Cardiff provides workspaces that work for you. You get a variety of spaces from which to choose and flexible licence agreements, meaning you don't have to sign long, lengthy terms. We also let serviced offices with various amenities already covered – utilities, latest technology, high-spec furniture, and more – meaning you can get in and get going immediately, with only one bill to pay.

Business in Focus is a social enterprise working to support enterprise in Wales for more than 30 years, delivering business space, programmes of business advice and support, and funding. Our primary objective is the promotion of enterprise for the benefit of individual businesses, the community and the economy, achieved by stimulating or promoting the creation of new enterprises or by helping existing businesses to succeed and grow. Under our constitution, all our profits are reinvested into our business for the benefit of our mission.

Business in Focus is delighted to be delivering the Welsh Government's flagship Business Wales service; providing small businesses with one-to-one business advice, business skills training and workshops.

Through our team of experts, we can provide owners and managers of SMEs with tailored consultancy and advice to suit their different stages and circumstances, such as planning, employment and HR issues, sustainability, help with access to finance, training seminars and events.

The Business in Focus Property estate accommodates more than 500 businesses across its portfolio, a growth of almost 100% in the last five years. We own or manage 23 sites stretching across Wales.

Our current tenants range from soletrader businesses to large national and international companies. Our talented and resourceful Property Team work hard to

bring them the benefits of competitive rents, excellent quality accommodation and flexible terms.

An easily accessible landlord who is prepared to listen, plus the easy access to our Business Support Teams means that our tenants have the best support available.

Our premises vary in age, but all have one thing in common – continued investment and regular maintenance to ensure that they provide a secure, welcoming, functional and comfortable environment for the wide range of businesses who chose to make their home there.

We operate an Enterprise Hub in Carmarthen, plus you will find private office space, coworking and meeting space, as well as access to business support and guidance in the following locations.

Cardiff Medicentre is a dedicated Medtech, Healthcare and Life Sciences incubator. Established in 1992, it was the first incubator of its kind in the United Kingdom.

Medicentre is a joint venture between Cardiff University and the Cardiff & Vale University Health Board.

Located on the Cardiff & Vale University Hospital of Wales campus. Our tenants enjoy proximity to clinical practice and academia. The hospital site extends across 53 acres, providing a working base for over 4,000 people and is home to Cardiff University's School of Medicine.

An eminent board consisting of members from the University and the Health Board oversee the strategic direction of the Medicentre and support tenants with accessing networks and expertise.

#### **Pricing & Services**

## Desg

#### **About Us**

Desg<sup>TM</sup> is Cardiff's award-winning coworking space and private office community. We offer a stylish, balanced and mindful environment where companies and individuals can work, meet, and collaborate.

Our Pontcanna building is lined with picture windows providing a beautiful view out to Llandaff Fields, connecting you with one of Cardiff's most expansive green spaces for easy screen breaks & strolls. Just a few steps away you'll also find many of Pontcanna's popular cafes, deli's, pubs & restaurants.

Inside you'll find two storeys of hot-desks, co-working spaces and private offices, bookable meeting rooms and our large events space. Gym and showers, members lounge and bar, large kitchen, and seating areas for relaxing, are all integral to the setting that has been created to help you feel your best and be your most productive.

## Indycube

## About Us Membership – Coworking – Networking

Indycube is a co-operative working across the UK to change the way we all do business, and ensure that no one is left behind. By becoming a member, you can demonstrate your commitment to cooperation and help drive forward equality for the self-employed in the UK.

As a co-operative, we're guided by an active community of members who share our values and shape our strategic direction, scrutinise our activities, increase our influence and ensure that we're a consistent voice for the self-employed in Wales and across the UK.

Indycube is a member of Co-operatives UK and Wales Co-operative Centre.

### Let us make it easy for you to locate to North Wales

M-SParc can support businesses who are moving to the region and we'll go the extra mile for you to make your move and investment in the region as easy as possible. We have access to a range of expertise that will help a business get established and operating efficiently, and this includes:

- Taxation and Company Registration
- Human Resource and Employment Law
- The business eco system and support networks in the science and technology sectors on site
- Academia, expertise, and research links at Bangor University
- Finding the right skills and talent for your company
- Welsh Government contacts, who can aid business development
- Industry collaborators

#### Soft landing - example of how it's done

Micron Agritech, an Irish Company, were successful in securing Agri Hack funding. This allowed them to a move a new base into Wales, and M-SParc was able to support them by providing:

- Links to Bangor University to support their research, including A.I and Parasite research specialists.
- Collaboration opportunities with M-SParc tenants, providing them with the opportunity to expand their network and work closer with Welsh businesses.
- Links to local farms, including Bangor University, Glynllifon, and Llysfasi, where they could make use of livestock samples.
- Support with recruitment, such as presenting at the M-SParc employability event, advertising their roles on the

- M-SParc website, introduction to local recruitment agencies, and outreach to Bangor University graduates.
- Micron Agritech also joined the M-SParc Agri Cluster, providing them with greater visibility in the sector and further opportunities for collaboration.
- A supported lab space, and assistance to register their business in the UK.
- We introduced Micron to industry partners who have a demand for their products and will help them scale in the UK Market.

## SONY

**UK Technology Centre** 

#### **About Us Our Offering**

Located just off J35 on the M4, 'The Business Incubation Centre' is a hub of comfortable, modern offices for rent. surrounded by an idyllic woodland landscape.

The offering includes onsite gym, canteen facilities and free parking. The entire site adheres to AEO security protocols, and tenant businesses are fully supported by a friendly and attentive onsite management team.

'The Business Incubation Centre' has everything you need for a healthy, happy workforce.

#### **Facilities & Amenitites**

- -Secure parking, free of charge
- —Use of a modern, comfortable canteen
- —Free of charge meeting room access (shared space)
- -Access to communal kitchens located nearby all office spaces
- -Fully manned reception & reception services
- -Postal service onsite (handled via reception)
- -Fully manned, 24/7 gated facility (we adhere to AEO security protocols)
- -Access to gym, recreational and shower facilities (additional cost)
- -Networking opportunities with like-minded local business

#### **Our History**

'The Business Incubation Centre' was first setup within the very walls of the Sony UK TEC Pencoed site in 2006 as part of the Welsh Government 'Technium' initiative by the Welsh Ministers. The intention was to encourage innovation, growth, and collaboration by forming a networking hub of like-minded businesses to strengthen the local economy.

'The Business Incubation Centre' is fully owned and operated by Sony UK Technology Centre, and remains true to its mission today.

Every business that chooses our site as it's home is provided with the best customer service and environment possible to ensure their focus is on innovation and growth, rather than the practicalities of setting up and maintaining an office space.

#### **Our Tenants**

In 2023, 'The Business Incubation Centre' is home to a variety of independent businesses from sectors such as; Digital Technology, Renewable Energy, Media, Gaming, Design, Business Support, Logistics as well as a number of enterprises supporting young people's business education, development and more. Both well-established and start-up businesses are welcome onsite and receive the same attention and support from the whole team.

Sony UK Technology Centre Pencoed Technology Park Pencoed CF35 5HZ

Springboard Business Innovation Centre is located in Llantarnam Park, Cwmbran, South Wales, just 4 minutes from the M4 motorway. The Innovation Centre provides incubation space for young science and technology businesses and offers flexible modern office suites with direct access to a range of specialist business support services.

The Springboard building is a three-storey development incorporating 35 incubation suites, reception, management suite, meeting rooms and breakout areas.

Springboard is a joint venture between Torfaen County Borough Council and the Welsh Government with support from European Objective One funding.

Springboard is based on a pure incubation model providing time limited space to high growth companies in the knowledge base sectors.

Business suites range from 20 sq. metres (210 sq. ft.) to 105 sq. metres (1,126 sq. ft.) are available on easy-in, easy-out terms. In addition, Springboard can provide warm desk facilities and offers touchdown incubation services to companies looking to enter the Welsh, UK or European market.

You can find us in the scenic location of Penarth Marina, watching the boats go by and enjoying the open green spaces that surround our building. As we're located just outside the centre of Cardiff, you can skip the commuting traffic going into the city while still being just a short train, car or bike journey away from the hustle and bustle of the city centre. As a matter of fact, we offer secure onsite bike storage! If you need to use public transport, Cogan train station is a short walk away from the building and a 6-minute journey away from Cardiff's central station. Just some of the nearby amenities residents can take advantage of are a free public car park, a supermarket, a petrol station and a wonderful park to sit in when the sun is shining. There are also plenty of options for lunch as we're surrounded by a number of great pubs, cafes and restaurants.

Whether your whole team is office-based or some of your staff are working remotely, we have a range of flexible office spaces available to suit the needs of your business.

Our offices include the following features:

- Beautiful location overlooking open public parkland
- -Fully-furnished and serviced offices
- —Spacious working areas for various capacities
- -Helpful, friendly reception staff
- Bright, open meeting and breakout spaces

- Spacious kitchens with free unlimited hot drinks Individual air-conditioning and heating for every office
- Regular high-quality cleaning of all surfaces
- —Superfast internet with IT support from our partners
- Free onsite gym, showers and wet room with disabled access
- -24-hour building access and CCTV
- Flexible Secure onsite parking at a small monthly charge
- —Free public parking nearby
- —Secured bike storage on-site
- -Great community of like minded people.

Whether your whole team is office-based or some of your staff are working remotely, we have a range of flexible office spaces available to suit the needs of your business.

Tramshed Tech Grangetown is where it all began. Since we started out in 2016, we've become the go-to place for tech, digital and creative business in Wales.

Workspaces available include coworking, office space, meeting rooms, event space, podcast studios/edit suites, as well as Europe's most accessible production hub. Located just a 5-10 minute walk from Cardiff Central train station and right next door to Tramshed Music Venue, we're spoilt for choice with all the benefits of a city centre location, combined with the Taff Trail on our doorstep for anyone fancying a lunchtime stroll in nature.

Tramshed Tech have transformed Newport's old 'Information Station' into the 'Innovation Station', a tech hub adjacent to Newport train station. Features include coworking space, meeting rooms, makerspace, telephone booths and event space as well as 4000 sq ft of customisable space available for rent on Floor 1. Podcast studio, coffee shop and prayer room coming soon!

Newport is a fantastic place to base a business, boasting a rich talent pool of over 17,000 annual graduates within a 30-mile radius. The city's strategic position taps into a market of half a million economically active individuals within a 30-minute drive, while maintaining excellent connectivity with London, just under two hours away by train.

## Workbench

#### **About Us**

Workbench provide virtual office and serviced offices in Cardiff located on a quiet and accessible business park just off Ocean Way in Cardiff Bay.

There's ample parking and we're just 5 minutes from Cardiff city centre. Our terms are flexible 'easy-in, easy-out' packages, from 1-2 desks up to 10-12 desks in private office space.

We also offer flexible co-working and serviced desks as a more cost-effective option for those who don't need a private office.

Prices are £15 a day or £150 a month with access to meeting rooms and all our facilities.

#### **Pricing & Services**
