# Wales Tech Week

**24-26 November 2025**

**ICC Wales**

# Where Tech Meets Opportunity

Join Wales' largest international tech summit where global technology meets real-world impact. Connect with business leaders and policy-makers exploring how technology drives performance, profitability and sustainable growth.

## Strategic Gateway to the World

Wales is emerging as a global hub for technology and innovation, with world-leading expertise in compound semiconductors, a strong presence in cybersecurity, and rapidly growing strengths in data and AI. Backed by academic R&D excellence, exceptional talent, and strong government support.

## The success of Wales Tech Week 2023...

**4,000+** Attendees

**320+** Speakers

**90+** Exhibitors & Partners

**23%** International Attendees
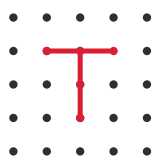

**41%** C-Suite & Directors

## Connect, Collaborate and do Business

Get hands-on with tech solving real-world problems across industries and sectors, hear from world-leading voices, explore funding opportunities, and connect with start-ups, innovators, and global brands.

## Discover opportunity in Wales.
